

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every international industry. Transporting industrial goods occurs each day on our industrious world. Primarily innovated as industrial vehicles in the 1930s in the U.S., forklifts gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply referred to as TCM Corporation. Throughout the years, TCM lift trucks have become a global leader in lift truck manufacturing and have built a solid reputation in the trade. TCM began constructing lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes several models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
