

Concrete Hopper

Concrete Hopper - This accessory is a self-dumping hopper which automatically starts to unload whenever bumper release contacts the side of a dumpster. After unloading is completed, the hopper goes back to a locked and upright position. This piece of equipment even comes along with a cable that allows operation from the seat of the forklift so as to have the option of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the tire truck. This product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to maintain durability.
