

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since 1959. Whether the work entails positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler would really help make the work go faster and easier. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement functionality. There are also lots of optional Lull attachments for their telehandlers to be able to help do whatever job.
