

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Parts - Ingersoll Rand offers solutions, services and products so as to ensure efficiency and increase the productivity within residential, industrial and commercial environments. They pride themselves in delivering products to be able to improve the health, safety, comfort and security of individuals all over the world throughout their four global segments.

The Climate Solutions sector provides a world-class product line of energy efficient HVACR solutions for clients. Thermo King is the leader in transport temperature control, while Hussmann is a maker of refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting advanced controls, services and parts support utilized for both residential homes and commercial buildings.

Ingersoll Rand's Industrial Technologies sector offers products and solutions which enhance their customers' energy efficiency, productivity and operations. The product range is diverse ranging from tools and pumps, fluid and material handling systems to complete compressed air systems. They have even developed Club Car, the worldwide leader in golf and utility vehicles intended for companies and people.

Brands like for example Trane and Schlage deliver residential solutions which provide comfort, safety and efficiency to home owners around North America. Their innovative products comprise mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, remote home management, portable security systems and advanced controls.

Ingersoll Rand' Security technologies provide products that ensure secure, safe and productive environments. This division's market leading products comprise door and floor closers, portable security devices, exit devices, electronic and biometric cabinet hardware, access control systems, steel doors and frames and locks, decorative hardware and locksets. Schlage even has products that offer time, attendance and personal scheduling systems.
